

AMENDMENTS TO THE DRAWINGS

Three sheets of replacement drawings are attached in an Appendix to this amendment. The first replacement sheet, sheet 4 of 7 drawing sheets, includes changes to Fig. 6. The circular transmission faces of the LEDs have been replaced with hexagonal faces. Numeral 60 has been added to the drawing to depict the hexagonal transmission faces. Support for the amendment is found at least in the specification as filed, in the PCT version at p. 4, lines 18-19, or in the numbered paragraph version at paragraph [0010], lines 6-7.

The second replacement sheet, sheet 6, adds heat sink 35 to one side of printed circuit board 14. Support for the amendment is found at least in the specification as filed, paragraph [0008], lines 12-16.

The third replacement sheet, sheet 7, adds numeral 41 indicating a side wall of housing 10. This amendment conforms the drawing to the as-filed specification, paragraph [0049], which discusses side wall 41.
